# Now We Also Service It!

Fluid Flow has been authorized by Pall Life Sciences to provide you with calibration services for Palltronic® automated filter integrity test instruments. Our people have been rigorously trained and factory certified by the best to be the best for you.

## Our complete service offering includes:

- Installation and Operational Qualification (IQ/OQ) of new units
- Annual and bi-annual calibration for Palltronic® instrument models:
  - Flowstar XC (FFSXCAM)
  - High-Flow Flowstar (FFSXCHAM)
  - Flowstar Multi-plexer (FFSMUX)
  - AquaWIT (AW02XC)
- Diagnostic and repair services for all Palltronic® instruments
- Operator training
- Integrity testing services
  - Bubble Point, Forward Flow, Water Intrusion
  - Customer site or Fluid Flow laboratory

Please contact your Pall Customer Service Representative.
